SUMMARY

Frontend Developer with 1 year of experience in building responsive web applications using HTML, CSS, JavaScript, and React. Seeking a role in a growth-oriented company to enhance my skills and contribute to user-centric solutions.

SKILLS

- Languages: HTML5, CSS3, JavaScript
- Frameworks & Libraries: React.js, Bootstrap 5
- Tools & Workflow: Git, GitHub
- Concepts: DOM Manipulation, Event Handling, Component-Based Architecture, React Hooks (useState, useEffect)

WORK EXPERIENCE

Verheffen Info-Tech Pvt Ltd

Jun 2024 - Jun 2025

1. CRM (Customer Relationship Management) System

- Built a responsive CRM dashboard using React.js, Redux, and -UI.
- Implemented dynamic user forms, customer data visualization, and lead management workflows.
- Integrated RESTful APIs for data fetching and state management.
- Enhanced performance with lazy loading, code splitting, and optimized re-renders.

2. Real Estate Platform

- Developed a real-estate listing and booking interface using React.js, React Router, and Tailwind CSS.
- Created reusable components for property listings, filters, and booking forms.
- Integrated Google Maps API for property location view.
- Focused on mobile responsiveness

INTERNSHIP

Verheffen Info-Tech Pvt Ltd

Feb 2024 - May 2024

1.Surgy Hospital

- Development of the main page and redirect pages.
- Employed HTML, CSS, and Bootstrap to elevate user experience and interactivity.
- Implemented form validation for the "Contact Us" section to ensure accurate data submission.
